ABOUT MYSELF

Software developer focused on **AI-driven automation, cloud technologies, and full-stack development**. Experienced in building **enterprise automation systems, AI-powered applications, and cloud-based data pipelines** using technologies such as **JavaScript, PHP, SQL, and Microsoft Azure**. Also experienced in **embedded system prototyping, electronics integration, and 3D modeling using Fusion 360**, with a strong interest in developing intelligent and scalable technology solutions.

WORK EXPERIENCE

TriSeas International, Inc Mclean (Remote), United States

Automation Developer

03/01/2024 - Current

- Designed and developed an end-to-end Procurement Management System using Zoho Creator, implementing workflows for vendor onboarding, requisitions, approvals, sourcing, and quotation management.
- Implemented AI-assisted vendor sourcing and automated quotation generation to enhance decision support and procurement efficiency.
- Developed a Centralized Log Management System POC to enable structured monitoring, log aggregation, and improved system observability.
- Built a secure ETL pipeline for migrating enterprise data from on-premise systems to Microsoft Azure, ensuring reliable cloud integration and data integrity.
- Prototyped AI solutions using Azure AI services, including a RAG-based knowledge chatbot and a Microsoft Copilot integration POC to improve enterprise knowledge access and productivity.

Devtown Bangalore, India

Full-stack Web Development

01/06/2023 - 31/10/2023

- Experienced in designing, developing, and deploying responsive web applications.
- Proficient in front-end technologies such as HTML, CSS, JavaScript, and frameworks like React and back-end technologies including Node.js, PHP.
- Skilled in working with databases (SQL and PostgreSQL), RESTful APIs, and moderate experience in cloud services like AWS.
- Adept at version control (Git), debugging, and optimizing code for performance and scalability.
- Strong ability to collaborate with cross-functional teams and deliver user-centered solutions within agile environments.

Alliance Global Tech Inc (Columbia, Maryland) NOT ONSITE, United States

IT Recruiter

22/06/2023 - 09/09/2023

- Proficient in leveraging recruitment platforms, ATS systems, and networking strategies to identify skilled professionals
- Skilled in building strong relationships with hiring managers, understanding technical requirements, and driving end-to-end

recruitment processes
- maintenance of recruitment records

EDUCATION & TRAINING
